

OSA-2081-63

19 APR 1963

MEMORANDUM FOR THE RECORD

SUBJECT: Dog Handlers - Fire Fighters

25X1A 1. On 18 April 1963 called AFIGOS. In the absence of Colonel Geary and [redacted] acknowledged receipt of our memorandums, which alluded to Geary's offer of assistance to obtain Subject manning on an assignee rather than detail basis.

25X1A 2. Although Colonel Geary had asked [redacted] to run this through, not much has been accomplished yet. [redacted] promised that he would talk to Geary when he returns and propose that the individuals be attached to Nellis AFB. In order to achieve this, coordination must be effected with Nellis. Subsequent to that, it appears all administrative procedures will fall into order.

25X1A 3. [redacted] asked why we did not bring these individuals aboard as details and he was informed it was because of Geary's long-standing offer of assistance and that our manning program, based on that advice, does not include room for these individuals.

25X1A 4. No purpose would be served by meeting with AFIGO-S until they have decided on the preliminary matters per above. I will follow up with [redacted] on 22 April 1963 to get a feel of how things are developing.
